YESTERDAY

Two strands, one thread

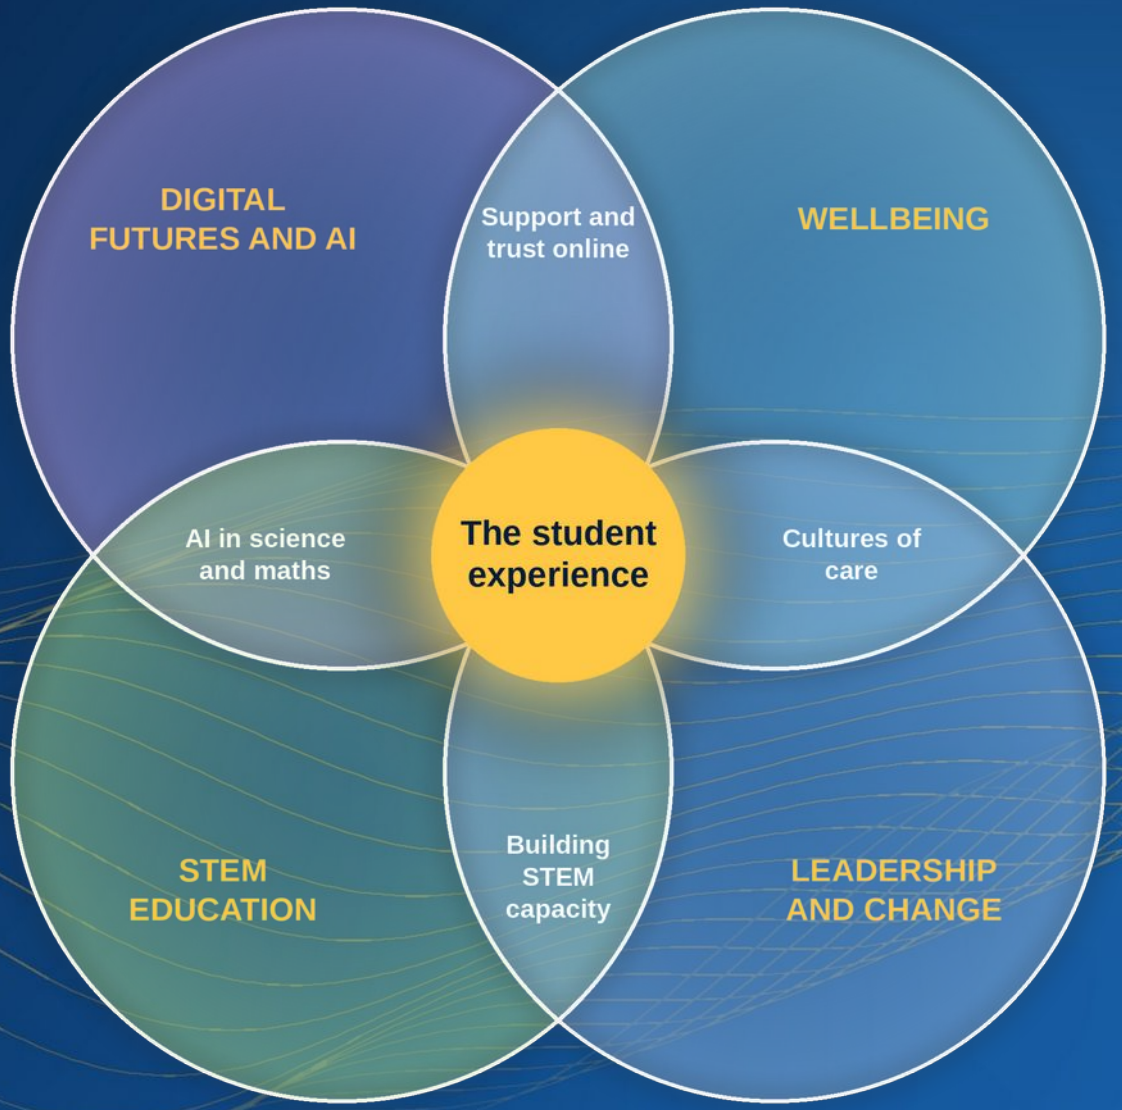

Both strands kept coming back to people: how we connect, support each other and learn together.

TODAY

Where the strands meet

Today adds STEM education and leadership. The student experience sits at the centre. Research clusters can form anywhere on the diagram, in one strand or across several, based on what you need and what interests you.

TODAY

Day Two at a glance

STRAND A
Keynote and panel

Leading change in a VUCA world
Professor Darren Bryant

MORNING TEA

STRAND C
Keynote and panel

Reimagining STEM education
Professor Rekha Koul

LUNCH

AFTERNOON
Strand leads

Research cluster workshops
Form clusters and distil your questions

AFTERNOON BREAK

CLOSE
Cluster representatives

Cluster report back
Then close of Day Two

THIS WEEK

From questions to research clusters

1

MON AND TUE MORNING

Generate

Research questions from every strand.

→

2

TUESDAY AFTERNOON

Research clusters

Form clusters across institutions and distil your questions.

→

3

WEDNESDAY

Plan

Plan how your team will generate evidence to present.
